### **Question from Councillor Kay to Councillor Quartermain, Cabinet Member for Highways and Transport.**

“A day never passes without my receiving a complaint, or hearing a comment, about the pot-holed state of Stanghow Road, which runs for three miles from the A171 at Lockwood Beck, via Stanghow Village and Lingdale, to Skelton. There are incidents of vehicles swerving to avoid potholes and of others being seriously damaged, resulting in potential claims against this Council. Not to mention the perils to life and limb.

Stanghow Road is due for resurfacing in 2025-26, but this is unacceptably late, considering its parlous state. In answer to my requests the Council has done some minimal pothole filling and patching. But, this work has been totally inadequate when you consider the parlous state of large sections of this dangerous and damaging road.

The engineers have refused to bring the resurfacing work forward, claiming there are other roads in an even worse state. I'd like to know where they are.

The current neglect of Stanghow Road is a glaring example of how East Cleveland is constantly neglected when compared with the down-town, western areas of the Borough. The shocking state of Stanghow Road would never be tolerated in Redcar or Greater Eston.

Were he to experience Stanghow Road for himself, I'm sure the Cabinet Member would come to the same conclusion as I: that immediate comprehensive resurfacing is demanded.

Therefore, will the Cabinet Member undertake to take his life in his hands and drive the full length of Stanghow Road, in both directions, from the A171 to Skelton and back, so that he can see and feel for himself that long sections of Stanghow Road should be completely resurfaced without further delay or prevarication? “
